TREE PLANTATION PROGRAM

ladies Teaching staff planting saplings

Faculty and students participated in tree plantation Program lead by Prof Subhash Patil NSS Program officer

Tree plantation program was held on 13-08-2019 .The students of BE 1st year actively participated in the program. Our college principal, faculties of various department and students took participation by sapling a plant in our college premises. We had planted various types of plants. Faculties explained about the trees and its importance. Even non teaching and helping staff also took part in the event.. The helpers told us different things about the plant, their uses etc. At the end of programme there was a photo session with principal, faculties and students. Total of 54 students took participation.
